1. ABOUT US

Founded in 2011, ITM started as a training and personnel management company dedicated to capacity building, people development and sourcing the right talent across different industries. The quality of service delivered to organisations quickly elevated the ITM brand and laid the foundation for a journey of sustained growth across Africa and beyond.

Today, ITM HR is a pan-African human capital partner supporting organisations in more than 15 countries in Africa, Europe and other regions. With its headquarters in Kinshasa, DRC, the group has established a strong presence in markets such as DRC, Congo Brazzaville, Rwanda, Tanzania, Kenya, Uganda, Burundi, Nigeria, Togo, Senegal, Côte d'Ivoire, Benin, Chad, South Africa, Angola and selected international locations.

ITM offers integrated HR solutions across the full employee lifecycle, from talent acquisition and workforce outsourcing to expatriate management, learning and development, HR advisory and digital HR platforms.

These platforms help organisations standardise processes, improve data quality and support better HR decisions across multiple locations.

2. TALENT ACQUISITION & RECRUITMENT SOLUTIONS

ITM helps organisations attract, assess and secure the right talent, from operational staff to senior executives, across different countries and sectors.

- Permanent recruitment and executive search
- Volume and project based recruitment, including recruitment process outsourcing (RPO)
- Psychometric, technical and behavioural assessments
- Candidate screening, reference checks and background verification

With multi country talent pools, structured methodologies and experienced recruiters, ITM supports clients to reduce time to hire, improve quality of hire and minimise recruitment risk.

3. WORKFORCE OUTSOURCING & HR MANAGEMENT

ITM provides workforce outsourcing and HR management solutions that allow clients to focus on their core business while maintaining professional HR operations.

- Staff outsourcing and personnel management
- Payroll management and statutory compliance
- HR supervision and on site HR support

These services cover end to end HR administration, from contracts and payroll to day to day workforce supervision, helping clients enhance productivity, ensure compliance and gain flexibility in how they manage their teams.

4. EMPLOYER OF RECORD (EOR) & EXPATRIATE MANAGEMENT

ITM supports organisations employing expatriates and international staff in African markets and beyond, acting as a trusted employer of record and mobility partner.

- » Employer of record (EOR) solutions for expatriates and international assignees
- » Work permits, visas and immigration compliance
- » Relocation services including housing, schooling and settling in support
- » International payroll coordination, tax and social security compliance

By centralising employment, immigration and payroll processes, ITM helps clients enter new markets faster, deploy international talent safely and reduce administrative and compliance risks.

5. LEARNING, TRAINING & HR DEVELOPMENT

ITM designs and delivers learning and development programmes that strengthen skills, leadership and engagement at all levels of the organisation.

- » Professional training programmes tailored to business objectives
- » Young Talent and graduate programmes to nurture future leaders
- » Onboarding and integration journeys for new employees
- » Corporate retreats, team building activities and culture workshops
- » Leadership and management development initiatives

These programmes support both individual growth and organisational performance, helping teams stay aligned, capable and motivated.

6. HR ADVISORY, PROJECTS & ANALYTICS

ITM advises organisations on how to strengthen their HR function, align people practices with strategy and make better decisions using HR data and market intelligence.

- » HR audit and advisory services
- » Salary surveys and remuneration benchmarking
- » Project HR support, monitoring and evaluation
- » Organisational change and transformation support
- » HR data, reporting and analytics

Through these solutions, clients gain clarity on the effectiveness of their HR systems, the competitiveness of their compensation practices and the readiness of their organisations to adapt and grow.
